Internal Guide for IPAs

Fall 2020 / Office of Evaluation Sciences

Disclaimer: This is an internal OES document meant for internal purposes that contains IPA guidance from OPM, templates, and OES past practices. This is not a legal document.

Introduction

The Office of Evaluation Sciences (OES) uses the Intergovernmental Personnel Act (IPA) Mobility Program to bring on unique talent to support agency priorities and evidence needs.

The U.S. Office of Personnel Management defines IPA agreements as:

"The temporary assignment of personnel between the Federal Government and state and local governments, colleges and universities, Indian tribal governments, federally funded research and development centers, and other eligible organizations."

The purpose of this toolkit is to provide internal guidance on how OES has utilized the IPA Mobility Program in the past to fill highly technical positions in a quick and simple way where there might otherwise be capacity gaps. Personnel with IPAs at OES have served in roles as fellows, academic affiliates, and statistical methods support.

OES has experience utilizing the IPA program with dozens of nonprofit and academic institutions in order to bring on behavioral science experts to conduct low-cost, rapid-cycle evaluations across government.

This Toolkit includes:

General Overview

Objectives

The goal of the Intergovernmental Personnel Act mobility program is to facilitate the movement of employees, for short periods of time, when this movement serves a sound public purpose. Mobility assignments may be used to achieve objectives such as:

- strengthening the management capabilities of Federal agencies, State, local and Indian tribal governments, and other eligible organizations;
- assisting the transfer and use of new technologies and approaches to solving governmental problems;
- facilitating an effective means of involving state and local officials in developing and implementing Federal policies and programs; and,
- providing program and developmental experience which will enhance the assignee's performance in his or her regular job.

Eligibility

- Employees of a non-federal organization in career positions that have been employed for at least 90 days prior.
- A non-federal organization can be a state and local governments, colleges and universities, Indian tribal governments, and non-profit institutions
- Agencies are responsible for certifying the authenticity of a partner institution categorized as an "other organization." If an organization has already been certified by an agency, this certification is permanent and may apply throughout the Federal Government.

Excluded from Assignment:

Individuals excluded from participation in the Intergovernmental Personnel Act mobility program include:

- Federal, State or local government employees serving under time-limited, temporary or term appointment, non-career or limited SES appointments, or Schedule C appointments;
- Elected Federal, State or local government officials;
- Members of the uniformed military services and the Commissioned Corps of the Public Health Service and the National Oceanic and Atmospheric Administration; and
- Students employed in research, graduate, or teaching assistant and similar temporary positions.

Time Commitment

- Employee can be given a temporary position or detail assignment
- Assignments may be intermittent, part-time, or full-time
 - Note: OES has had IPAs ranging from 5% to 100% time for time periods of a few months up to 4 years.

Assignment agreements can be made for up to two years. The agency head, or his or her
designee, may extend an assignment for an additional two years when the extension will be
to the benefit of both organizations.

Employee Status

• Employees on an IPA assignment are on detail or leave without pay (LWOP). The assignee remains an employee of his or her original organization and retains the rights and benefits attached to that status. The position is subject to any personnel actions that may occur.

Costs

Agencies may enter into IPA assignments on a reimbursable or non-reimbursable basis. Cost-sharing arrangements for mobility assignments are negotiated between the participating organizations. The Federal agency may agree to pay all, some, or none of the costs associated with an assignment. Costs may include:

- Basic pay
- Supplemental pay
- Fringe benefits
- Travel and relocation expenses
 - Note: OES has executed IPA agreements that were non-reimbursable, partially reimbursable, and full reimbursable. For example, in the case where an academic has an internal fellowship or is on sabbatical, reimbursement may not be needed.

According to OPM as of 2019, other prohibited costs might include reimbursement or payment for employer contributions to employee benefit programs, tuition costs, family member benefits, office space, staff support, furnishings, and computer time. Outside consulting earnings may not be reimbursed, unless the assignee's regular tour of duty in the non-Federal organization included consulting time that cannot be continued due to the IPA assignment.

FAQs: Recruitment and Hiring Policy "Myth Busters." 1

The Office of Personnel Management (OPM) encourages agencies to re-think the following myths and mis-perceptions:

- Myth: IPAs are popular and widely-used due to their flexibility.
 Truth: Agencies do not take full advantage of the IPA program which, if used strategically, can help agencies meet their needs for "hard-to-fill" positions such as Information Technology and Nurses.
- 2. Myth: IPAs are cumbersome to use and require OPM approval.

 Truth: Agencies do not need OPM approval to make assignments under the IPA authority.

 Federal agencies interested in using the authority simply enter into a written agreement.
- 3. Myth: IPAs are expensive to use.
 Truth: Agencies may enter into IPA assignments on a reimbursable or non-reimbursable basis. This means they may be cost-neutral to Federal agencies. Whether an IPA assignment is reimbursable is determined by the agency and non-Federal entity involved in the assignment.
- 4. **Myth:** An agency may only enter into an IPA agreement with a State Government entity. **Truth:** An agency may enter into an IPA agreement with State and local governments, institutions of higher education, and Indian tribal governments.
- 5. **Myth:** Agencies receive no recruitment benefit from sending employees on IPA assignments.
 - **Truth:** Federal employees serving in IPA assignments can serve as both recruiters and ambassadors for positions in your agency. For example, Federal nurses sent to colleges and universities as teachers/instructors can inspire students about Federal employment and encourage them to consider employment with your agency via the Pathways Program. This results in a win-win for the academic institution as well as your agency.
- Myth: An agency may document IPA assignments for full-time employment only.
 Truth: An agency may document IPA assignments for intermittent, part-time, and full-time employment
